

Sample Mid-Project Report Form

Ohio History Fund

For Reference Only

What follows is a sample Mid-Project Report Form. We provide it as a guide to help you complete your project's report online.

Because we know you are at work on your project, the information we ask for in the Mid-Project Report is kept to a minimum. The report is your opportunity to tell the Ohio History Connection how your project is progressing, share photographs and acknowledgement materials, and update schedules, budgets, and specifications.

Mid-Project and Final Project reports are accepted online only through the Ohio History Fund's grant application portal. As with your original grant application, no paper or emailed copies of project reports are accepted.

To find the reports online, go to www.ohiohistory.org/historyfund. Once at the site, click on "**Applying for a Grant**," and then click on "**Access the Online Application**." Log in and look for **Mid-Project, History Fund** or **History Fund Final Project Report** (whichever applies) and click on "**Edit**" to see, complete, and submit the report.

- You can also find project reporting materials on History Fund's website by clicking on "Grant Administration," but you still have to log in to complete the reports.

You will not be able to access the Final Project Report Form until the History Fund reviews and accepts the Mid-Project Report. To hasten acceptance of the Mid-Project Report, respond to requests for clarification or more information in a timely fashion.

The deadline for submission of this and the final project report is noted on the first page of your grant agreement.

Thank you for taking the time to complete this report and continued best wishes on your project.
